

HOME Foundation

Supporting The American Dream

Despite their best efforts, far too many people in today's workforce simply can't afford the American Dream of homeownership. We understand that homes stabilize families, and we want to help make that achievable for more Oregonians.

Since 2004, the HOME Foundation has been collaborating with organizations intent on helping Oregonians achieve homeownership. We have supported efforts to provide financial resources to create, expand and encourage homeownership opportunities. To date, we have distributed over **\$1,500,000** in grants statewide!

Past Grant Recipients

The Oregon REALTORS® HOME Foundation has contributed to over 50 different charities throughout Oregon, keeping the funds in your local communities.

Here are just a few of the past grant recipients:

ACCESS · African American Alliance for Homeownership · Community Energy Project · First Story · Habitat for Humanity · NeighborImpact · NeighborWorks · Neighborhood Economic Development · Portland Housing Center · Proud Ground · Rebuilding Together Portland

How You Can Help

Your contributions provide essential funds to organizations dedicated to affordable housing in Oregon. HOME Foundation funds have been utilized to:

- Educate consumers about affordable housing issues
- Provide the tools needed to make homeownership more attainable
- Address both immediate and long-term needs through strong public/private partnerships
- Give more Oregonians the opportunity to make a lasting investment in local communities

Fundraising occurs year round with annual events such as the Driving It HOME Golf Tournament and the Taste of Oregon. Events held in local communities raise money that stays right in the local community. Discover how you can help by visiting oregonrealtors.org/home-foundation.

OAR's HOME Foundation is a 501(c)3 charitable organization that provides financial resources to create, expand, and encourage homeownership opportunities for Oregonians at or below local median income.
