Please note: The Ameritas Oregon Realtors dental and vision coverage is a yearlong plan starting January 1, 2023 through December 31, 2023. Please, contact Johnson Benefit Group Inc, for any questions 1-503-656-3232.

You have four dental plans to choose from

- All of the plans have the same in-network benefit levels and deductibles, but their annual maximums differ
- Plan 1 does not include out-of-network benefits
- Plans 2, 3 and 4 include child orthodontia coverage
- The procedures that fall into Type 1, 2 and 3 categories differ somewhat. Refer to the chart on the next page.
- Plan 4 offers Type 3 coverage for implants

Benefit Summary	Plan 1	Plan 2	Plan 3	Plan 4

See any dentist. Plans 2, 3, and 4 allow you and your family members to receive care from any licensed dental provider, regardless if they are in- or out-of-network. You do not need to switch providers. Family members do not need to see the same dentist. See if your dentist is in our network. Visit ameritas.com, Find a Provider to find a new dentist or see if your current provider is in the Ameritas Dental Network. Nominate your dentist. If your dentist is not in our network already, it's easy to let us know. Just go to ameritas.com, search for "nominate a provider" and complete the online form.

Save money. Dentists in the Ameritas network have agreed to a contracted fee. They charge you 25-50% less than their regular rates. Out-of-network providers will charge their regular rates. If the dentist's charges happen to be higher than your plan allowance, the difference will be an out-of-pocket expense.

Avoid paperwork. Ameritas dental network providers handle everything; they may even submit claims electronically for a quicker turnaround. All you need to do is make the appointment and show up.

Exceptional network. The Ameritas Dental Network is one of the nation's largest with almost 3,300 access points in Oregon. Only dentists who adhere to our credentialing and quality assurance requirements are able to join and remain in the Ameritas Dental Network. Plus, now you can visit dental providers in Mexico and still receive coverage. Plan discounted fees and agreements are honored by AmexUS Mexico providers, and claims are processed by Ameritas.

Type 3 waiting period – new enrollees only. Anyone enrolling for January 1, 2023 or later will have a 12-month waiting period before they are eligible to receive Type 3 benefits. Waiting period waived with proof of 12-month prior coverage.

If you have questions please call Johnson Benefit Planning at 866-656-3232. We are here to help.

Common dental plan questions

If my current dentist is not in the Ameritas network, will I pay significantly more for dental services?

We regularly analyze dentist procedure charges from every ZIP Code to come up with U&C levels for each area. When you visit an out-of-network dentist, the amount that we reimburse you or your provider is based on nine out of ten dentists' charges for that procedure in your given three- digit ZIP Code area. So your dentist's charges are very likely to be at or below what our plan pays. If your dentist's charges happen to be higher than the 90th U&C allowance, the difference will be an out-of-pocket expense.

How will switching carriers to Ameritas impact dental treatment that's in progress?

Dental treatments are billed based on the date each service is performed. For example, the day your provider starts a root canal or prepares a crown or denture is considered the date of service. If you have a service in progress that requires multiple visits, claims for services received before January 1, 2023 will be submitted to your previous dental carrier. Claims for dental services performed January 1 or after will be submitted to Ameritas. Ameritas does not have access to your claim history prior to January 1.

Some services go hand-in-hand, such as a tooth extraction and replacement. If a tooth was extracted under prior coverage, you have 12 months after the date of extraction to replace the tooth under Ameritas coverage. If those services are performed under different coverages, your dentist should provide documentation of the previous procedure, and Ameritas may request further information from you.

How do I know what the plan pays verses my share?

As a smart consumer, it's best for you to know your share of the cost up front. For services over \$200 we recommend you ask your dentist to request a pretreatment estimate from our customer relations department. You will receive a written response showing what Ameritas estimates your plan will pay, and the amount that you owe.

Is there a waiting period for benefits?

Anyone enrolling for January 1, 2023 or later will have a 12-month waiting period before they are eligible to receive Type 3 benefits. Waiting period waived with proof of 12 months prior coverage. Submit proof of prior coverage with completed application.

If I waive coverage now can I enroll later?

We strongly encourage you to sign up for coverage when you are initially eligible. If you choose not to sign up during this initial enrollment period, you will become a late entrant. Late entrants will be eligible for only exams, cleanings, and fluoride applications for the first 12 months they are covered.

Members have the freedom to visit any vision provider. However when visiting a VSP or EyeMed network provider your benefit dollars go further and the provider submits the claim for you.

How to choose a vision plan

Both plans help you save money and maintain healthy eyes and sharper vision. To decide which plan is right for you, compare the plan highlights in this booklet. First, check both networks online at vsp.com and eyemed.com to find your provider or retail location. Visiting a network provider will help you save even more. Next, compare the plan details to determine which plan better fits your needs.

No matter which you choose, these plans are designed to be easy to use and to save you money.

- You have the freedom to choose any vision provider. However, your benefit dollars go further when you visit a VSP or EyeMed network provider.
- No claim forms. When you visit a VSP or EyeMed provider, your claim is submitted for you.
- Each network provides additional savings on eyewear and laser vision correction.

Common vision plan questions

What is the difference between the two vision plans I'm being offered?

While the plans, discounts and prices are similar, they feature different networks -- VSP and EyeMed. Search the networks at vsp.com and eyemed.com to find your provider or retail location. You will need to choose either the VSP plan or the EyeMed plan at open enrollment.

What is Ameritas' relationship with VSP and EyeMed?

VSP and EyeMed are the two largest vision care companies in the world. They have relied on Ameritas as a trusted partner for decades. Ameritas handles vision plan administration and underwriting. VSP and EyeMed provide customer service and manage the provider networks.

Will I still have coverage if I visit an out-of-network doctor?

Yes. You can visit any doctor you choose. The difference between the out-of-network benefit and the provider's charge will be an out-of-pocket expense for you.

Can I use my benefits at Walmart and Sam's Club?

Yes. These locations are out-of-network for both the VSP and EyeMed plans, so out-of-network benefits will apply. These benefits still go a long way due to the lower overall price points of these retailers. With the VSP plan, Walmart and Sam's Club will file the claim for you.

Can I shop online for my vision correction?

Yes. Once you've had your exam, both VSP and EyeMed have online network options where you can shop. Your vision benefits are applied directly to your online order, so you don't have to pay full price and wait for a reimbursement.

What is the eye exam benefit?

Both plans cover one eye exam each year in full when you visit a network provider. Please see the plan highlights in this booklet for out-of-network benefits.

Is there a separate charge for contact exams?

Yes, most providers charge a separate fee for a contact fit and follow-up exam. Your plan limits your cost. This charge is deducted from your contact allowance and the remainder can be used to buy your contact supply.

What are medically necessary contact lenses?

Medically necessary contact lenses are for people who are not able to wear glasses to correct their vision. Usually because the contact acts as a brace to correct or retain the shape of the eye. For those who choose contacts over glasses, the elective contact benefit applies.

Can I get glasses and contacts in the same year?

No. Your annual benefit applies to contacts OR glasses. See the exam-lens-frame frequencies on the plan highlights in this booklet to find out how often benefit allowances renew.

Are there discounts available for LASIK surgery?

Yes, members may receive a 15% discount off the retail price of LASIK surgery or 5% off the promotional price.

Are optional lens coatings covered?

Lens options are not covered by these plans. When you visit a network provider, you'll get discounts on a variety of lens coating options. See the plan highlights for details. Extra charges can add up quickly, so make sure you discuss these options and their costs.
